A group of colorful ducks, likely Mallards, are swimming in a pond at night. The scene is illuminated by a spotlight from the right, creating a bright, circular area of light on the water's surface. The ducks are scattered across this lit area, with some facing left and others right. The background is dark, with the silhouettes of trees and branches visible. The water reflects the light from the spotlight and the colors of the ducks. In the bottom left corner, there is a white text overlay.
